

ALEX RIVERA

Email: alex.rivera@example.com | GitHub: github.com/alexrivera-ml | Location: San Francisco, CA

PROFESSIONAL SUMMARY

Senior Machine Learning Engineer with 5+ years of experience designing and deploying scalable natural language processing (NLP) and deep learning models in production. Demonstrated expertise in Python, PyTorch, Scikit-learn, and FastAPI backend services with PostgreSQL data persistence.

CORE SKILLS & TECHNOLOGIES

- ? Programming & Frameworks: Python, SQL, C++, PyTorch, Scikit-learn, TensorFlow, HuggingFace
- ? NLP & Machine Learning: Natural Language Processing, BERT, Transformers, Word2Vec, TF-IDF, Feature Engineering
- ? Backend & APIs: FastAPI, Flask, REST API, Microservices, Asynchronous Tasks
- ? Databases & Storage: PostgreSQL, Redis, Vector Databases, SQLite
- ? DevOps & Practices: Docker, Git, CI/CD, PyTest, Agile, Unit Testing

PROFESSIONAL EXPERIENCE

Senior Machine Learning Engineer | NeuralScale Technologies (2022 - Present)

- ? Architected enterprise semantic document retrieval engine using PyTorch, BERT transformers, and FastAPI, improving search precision by 34%.
- ? Built distributed feature engineering pipelines using Python and Scikit-learn, processing 2M+ daily text documents.
- ? Designed RESTful microservices wrapped in Docker containers with PostgreSQL and Redis caching.
- ? Mentored 4 junior engineers on NLP preprocessing, tokenization, and model evaluation metrics.

Machine Learning Developer | DataFlow Systems (2019 - 2022)

- ? Developed text classification and entity extraction models using NLTK and Scikit-learn.
- ? Automated model deployment pipelines using Git and Docker, reducing deployment turnaround by 45%.
- ? Executed SQL queries and database schema migrations on PostgreSQL databases.

EDUCATION & CERTIFICATIONS

- ? Bachelor of Science in Computer Science - University of California, Berkeley (2019)
